

SP3C.ops Presents:

# FAMILY NIGHT

@ St. Peter's

We are getting **BACK TO THE FUTURE** with our Children's and Youth Ministries here at St. Peter's this fall and that means new plans. Things might look a little different, but we are offering new and exciting opportunities for our children, youth and families!

That's right, we are heading to the past to re-start our future. We will bring back the tradition of Wednesday nights at St. Peter's and make them bigger and better than ever! Every Wednesday night at 5pm we want our families to join us at church for dinner! That's right. Moms, Dads, and ALL the kiddos are invited to our Parish dinners. Sitting down around the dinner table with the family is an important part of your family's life and we are making that easier than ever by preparing the meal for you! We have also decided to move our children's and youth Christian Formation from Sunday mornings to Wednesday nights after dinner.

**Starting on Wednesday, September 22nd.** We will have our usual home-cooked parish dinner at 5:30pm. Following dinner, from 6-7:15pm, we will have something for **all ages** of our children and youth. Then nursery will be open for our little ones. We will split our pre-school and elementary kids into two classes that will meet in Shelton Hall, AND our Middle School EYC will take place in the youth room. High School students can stick around and help lead Middle School EYC if they'd like, but their EYC will continue meeting every other Sunday night from 7-8:30pm.

**Parents,** we need your help to teach our children the importance of the Christ in family life. After joining us for dinner, we want you to take care of **YOURSELVES**. Plug into one of our Wednesday evening adult offerings, or take advantage of the free childcare and go out on a date with your spouse. Heck, go out on a double date and spend time with your friends, too! We have a number of awesome small town eateries just blocks from church who offer a wide variety of drinks and desserts.
