Message from our Director: Janet Boutin

What a great beginning!! This is our 54th year of educating young children and it is always exciting to see the children arriving for another year. Our staff have spent many hours preparing for the start of school. I am sure you noticed at Discovery Day!

Over the summer, we were busy cleaning up our school and making repairs. I hope you noticed our colorful new "motor map" on the sidewalks. Our goal is to help improve your child's overall coordination and have outdoor fun on rainy or hot sunny days. We also painted 6 classrooms; #101 thru #106 and recarpeted classrooms #101 and #102. Every summer, we shampoo the carpets/area rugs in all classrooms. We always make sure cleaning products are environmentally friendly and not toxic for young children. Whenever, the school does repairs, we use products safe for children and have safety features for our young age groups. For example: our new classroom furniture and toys are purchased from reputable school supply companies committed to high quality products for children. We are committed to product safety and checking for defects and recalls. Thank you to our Parent Association, Church and School Board for underwriting these projects and purchases.

In October 2019, a team of NAEYC validators visited our school. The purpose of their visit was to conduct a surprise inspection of our overall program. They observed in the classrooms, inspected our grounds, evaluated our administration and much more. The purpose of their visit is to ensure NAEYC schools, like ours, are continuing to offer high quality programs. Validators will return again during the 2024-25 school year. We are the only NAEYC accredited pre-school in the Hill Country area. NAEYC is the nation's leading organization of early childhood education programs. We take great pride in the fact that we are NAEYC accredited and we constantly strive to maintain a high level of performance. I am proud to announce we maintained accreditation!

We are starting our 54th year of educating young children. Please read all about the School on the Church website (www.stpeterskerrville.com). Our monthly on-line newsletter, "The Kid Konnection", highlights school events, health/safety info, PTO news, teacher bios, NAEYC articles and more. Join the [Church Facebook](#) to see more photos.

Over the summer, our staff participated in classes focusing on the needs of young children. Topics included: Preventing Abuse/Neglect, SIDS/Shaken Baby Syndrome, Emergency Preparedness, Early Intervention, Managing Challenging Behaviors, Supervision of Children, Professional Development and more. I would like to thank Hill Country Crisis Council, KPD, DSHS, TDFPS, KISD and Alamo Colleges for leading these sessions. NAEYC preschools, like ours, strive to stay on top of the latest trends and early childhood studies.
